REGO-FIX® H-D Swiss Line

REGO-FIX® Zero-Z™

REGO-FIX is proud to announce the release of its newest toolholder, the 'Zero-Z'.

Appropriately named for its machining capabilities, the flexible Zero-Z features an incredibly short projection, allowing for more z-axis stroke and greater work piece size.

Ideal for multiplex turning machines and small vertical machining centers, the Zero-Z offers improved surface finish, unsurpassed accuracy and complete tool rigidity. The toolholder's unique design features a flush collet nut, whereby tool overhang is virtually eliminated. Like all REGO-FIX steep taper toolholders, the Zero-Z is pre-balanced to G2.5 at 22,000 rpm. For added clamping force, the Zero-Z comes standard with REGO-FIX'S unique AX Hi-Q clamping nut. This unique nut design allows for the highest clamping forces in the industry and unmatched safety - virtually eliminating dangerous wrench slippage.

Part No.	Zero-Z Tool Holders	
2130.12007	Zero-Z BT 30 / ERA 20 x 22 mm	New Item!
8020.27000	Zero-Z BT 30 No Drive Dogs / ERA 20 x 22 mm	New Item!
2140.13207	Zero-Z BT 40 / ERA 32 x 27 mm	New Item!
2340.13200	Zero-Z CAT 40 / ER 32 x 19 mm	
2350.14007	Zero-Z CAT 50 / ERA 40 x 19 mm	New Item!

All Zero-Z holders come standard with a Hi-Q ERAX nut for Superior Clamping.

Part No.	Optional Coolant Nuts
3320.70000	Hi-Q ERAXC 20 External Threaded Coolant Nut
3332.70000	Hi-Q/ERAXC 32 External Threaded Coolant Nut
3340.70000	Hi-Q/ERAXC 40 External Threaded Coolant Nut

Coolant Nuts are needed in addition to the REGO-FIX ER Sealing Disk for through-the-tool coolant applications.

Part No.	ER Sealing Disk
3920.00000	ER 20 Seal. Disk Set 20 pc.
3920.xxxxx	Individual ER 20 Sealing Disks from 2.5 to 13.0mm
3932.00000	ER 32 Seal. Disk Set 34 pc.
3932.xxxxx	Individual ER 32 Sealing Disks from 2.5 to 20.0mm
3940.00000	ER 40 Seal. Disk Set 46 pc.
3940.xxxxx	Individual ER 40 Sealing Disks from 2.5 to 26.0mm

Spanner Wrenches	
Part No.	
7117.20000	ER 20 AX Spanner Wrench for BT 30 Zero-Z's
7117.32000	ER 32 AX Spanner Wrench for CAT 40 and BT 40 Zero-Z's
7117.40000	ER 40 AX Spanner Wrench for CAT 50 Zero-Z

ER Collet Sets	
Part No.	
1120.00000	ER 20 12 pc. Collet Set
1120.00001	ER 20 Ultra Precision 12 pc. Collet Set
1120.00002	ER 20 7 pc. Inch Collet Set
1120.00003	ER 20 Ultra Precision 7 pc Inch Collet Set
1132.00000	ER 32 18 pc. Collet Set
1132.00001	ER 32 Ultra Precision 18 pc. Collet Set
1132.00002	ER 32 12 pc. Inch Collet Set
1132.00003	ER 32 Ultra Precision 12 pc Inch Collet Set
1140.00000	ER 40 23 pc. Collet Set
1140.00001	ER 40 Ultra Precision 23 pc. Collet Set
1140.00002	ER 40 14 pc. Inch Collet Set
1140.00003	ER 40 Ultra Precision 14 pc Inch Collet Set

Zero-Z

Individual collet sizes are available Please contact your friendly REGO-FIX Representative for more information.

ER GB (Rigid Tap Collets)	
Part No.	
1420.xxxxx	Individual ER 20 Rigid Tap Collets from 4mm to 11.2mm
1420.xxxxx	Individual ER 20 Rigid Tap Collets from .168" to .381"
1432.xxxxx	Individual ER 32 Rigid Tap Collets from 4mm to 20mm
1432.xxxxx	Individual ER 32 Rigid Tap Collets from .194" to .652"
1440.xxxxx	Individual ER 40 Rigid Tap Collets from 4mm to 20mm
1440.xxxxx	Individual ER 40 Rigid Tap Collets from .194" to .652"

ET1 (Axial Compensating Tap Collets)	
Part No.	
1520.xxxxx	Individual ER 20 Axial Comp Tap Collets From 2.20 mm to 7.00 mm
1520.xxxxx	Individual ER 20 Axial Comp Tap Collets From .141" to .255"
1532.xxxxx	Individual ER 32 Axial Comp Tap Collets From 4.50 mm to 12.55 mm
1532.xxxxx	Individual ER 32 Axial Comp Tap Collets From .168" to .480"
1540.xxxxx	Individual ER 40 Axial Comp Tap Collets From 6.00 mm to 16.00 mm
1540.xxxxx	Individual ER 40 Axial Comp Tap Collets From .255" to .697"
